Highlights from the 9th meeting of the Nitrosamine Implementation Oversight Group (NIOG)

- NIOG reviewed the outcome of the meetings of the Quality Working Party and the Non-Clinical Working Party with Industry Stakeholders and was updated on the progress of the relevant topics in the work programme.
- NIOG discussed approaches to manage cases of products with nitrosamines during the implementation of the corrective actions by companies in order to balance patient safety and availability of medicines.
- NIOG discussed potential approaches for setting of AI limits.
- NIOG noted the upcoming meeting with Industry Stakeholders and expected topics to be discussed.
