ADAPTIVE PATHWAYS: patient safety at risk?

Adaptive pathways workshop,

London

8 December 2016

- Case studies

- Scope of the project and the definition of “unmet medical need”

- Post-marketing obligations fulfilment:
 - Patients registries
 - Shifting in costs
 - Withdrawal from the market

- Prescriptions control

- Information vs. communication to patients and doctors

- Observational studies: robust enough to provide evidence?

BEUC main objective:

Guarantee consumers have **timely access**
to **safe, innovative and affordable**
treatments

Thank you for your attention
