# Review and Update of EMANS to 2028

- Plan to redefine format and level of granularity of EMANS:
  - Current proposal is for updated EMANS to be very high level
- Updated strategy will replace current EMANS to 2025 (only 1 strategy document)
- EMANS to 2028 to comprise strategic aspects of the Regulatory Science Strategy (RSS)
  - Strategic elements related to regulatory science beyond 2025 will be covered in EMANS
- Updated EMANS to 2028 to be fully aligned and complemented by the HMA & EMA Multi-Annual Work Programmes

# Proposed revised timeline (updated in May 2024)
