

Feedback from 6th annual workshop of Enpr-EMA

Dr. Adamos Hadjipanayis, MD, PhD

Assistant Professor of Paediatrics

Secretary General, European Academy of Paediatrics (EAP)

The European Network of Paediatric Research at the European Medicines Agency (Enpr-EMA)

Network of networks!

1. Research networks
2. Investigators
3. Centers

**Expertise in performing clinical
studies in children**

Main objective of Enpr-EMA

Facilitate studies in order to increase availability of medicinal products authorised for use in the paediatric population

6th annual workshop of Enpr-EMA

Thursday 26 June 2014

Representing

Healthcare
Professionals'
Working Party

- Report from the coordinating group
- Update from Enpr-EMA Working Groups
- **Worldwide involvement of children in clinical research**

Report from the coordinating group (Mark Turner)

- **Activities of Enpr-EMA**
- **Achievements**
 1. Searchable database
 2. Dialogue between working groups
 3. Abstract accepted by EAPS
(Barcelona, October 2014)

Update from Enpr-EMA Working Groups

- **WG 1:** *Approaches to priority setting*
- **WG 2:** *Broad engagement in priority setting*
- **WG3:** *How to establish communication between Enpr-EMA, networks and industry*
- **WG4:** *Dialogue and interaction with Ethics Committees*
- **WG5:** *Sharing good practices within Enpr-EMA and with industry partners*
- **WG6:** *A framework for networks to interact with industry and regulators when implementation/conduct of clinical trials agreed in PIPs is no longer possible*
- **WG 7:** *Neonatology*
- **WG 8:** *Joint Enpr-EMA/ENCePP WG on paediatric Pharmacovigilance*
- **WG 9:** *Strategies for funding and maintaining a paediatric research network*
- **WG 10:** *FP7 Projects*

Is there a potential collaboration with **patients** and **healthcare professionals'** organisations?

KIDS project

*Kids and Families
Impacting
Disease Through
Science*

**Involvement of
children in
clinical
research**

*Advisory group of
children,
adolescents
and **families** focused
on understanding,
communicating and
improving medicine,
research and
innovation for children.*

KIDS Collaboration Potential

- Regulators (EMA)
- Government agencies
- Industry
- Societies (EAP)
- Pediatric Networks
- Academia
- Schools
- Department of public health

KIDS activities - USA

- **MediKidz**

Input into medical education materials for children

- **Sickle Cell Disease**

Creation of videos

- **Global Alliance for Pediatric Therapeutics**

Participation in pediatric assent project

International Vision

International
Kids

Advisory
Network
(iKAN)

International group of
KIDS Teams and
young persons
advisory groups linked
together to provide an
opportunity for
synergy,
communication and
collaboration.

Thank you!
