## Learning Objectives

- In this support document you will find a list of the data and documents that are requested as a minimum in CTIS to be able to proceed with the submission of the different application types.

acknowledged as the source of the materials.

The European Medicines Agency developed this training material to enhance public access to information on the Clinical Trial Information System (CTIS). This material describes a preliminary version of CTIS and may therefore not entirely describe the system as it is at the time of use of this material. The Agency does not warrant or accept any liability in relation to the use (in part or in whole) or the interpretation of the information contained in this training material by third parties.

## Record of updated versions

The table below describes the updated versions after December 2021.

1.2	"Individual Participant Data (IPD) Sharing Statement" has been added in Part I Section – Trial Details Reference for Deferrals from the form section of the clinical trial initial application deleted	June 2024
1.1	First version of "Checklist of required fields per application type" published	December 2021

## General information

This document is composed of three sections below, listing the sections, sub-sections and required fields on each type of clinical trial applications (CTA). Find below the legend of the elements included in each section:

- A cloud icon () indicates that users need to upload a pre-populated document to CTIS.
- A 'button' indicates that when users click on that specific button, a pop-up window will allow users to populate the indicated information.
- A 'check box' indicates that, if clicked, the user will need to populate specific information.
- A 'pencil' indicates that users should click this icon to open a pop-up window where they will be able to edit or complete the specific information.
- An 'example' field refers to instances of the particular required field e.g. an authorised product.
